Any status

[Issued patents](#)[Applications](#)**Watchdog** timer that is disabled upon receiving sleep status signal from ...

US Pat. 6523126 - Filed Oct 16, 1999 - Intel Corporation

If the timer has expired, the second **device** disables its output **unit**. ... By utilizing the various systems and methods disclosed, **electronic** devices can be ...

Apparatus and method for seamlessly upgrading the firmware of an intelligent ...

US Pat. 6813571 - Filed Aug 15, 2001 - Power Measurement, Ltd.

If it is asserted, interrupts are disabled 2215, the data **unit(s)** are saved to flash 2220, strobing of **watchdog** of processor 906 is disabled 2225 and the ...

Intelligent electronic device with assured data storage on powerdown

US Pat. 6745138 - Filed Aug 15, 2001 - Power Measurement, Ltd.

If it is asserted, interrupts are disabled 2215, the data **unit(s)** are saved to flash 2220, strobing of **watchdog** of processor 906 is disabled 2225 and the ...

Expandable intelligent electronic device

US Pat. 6871150 - Filed Aug 15, 2001 - Power Measurement Ltd.

If it is asserted, interrupts are disabled 2215, the data **unit(s)** are saved to flash 2220, strobing of **watchdog** of processor 906 is disabled 2225 and the ...

Watchdog timer having a reset detection circuit

US Pat. 4796211 - Filed Dec 30, 1986 - Oki Electric Industry Co., Ltd.

signal, and a first counter that outputs a carry signal **WATCHDOG** TIMER ... reset signal puter Dictionary) published by the **Electronic Device** that resets the ...

Watchdog for trusted **electronic** content distributions

US Pat. 6219788 - Filed May 14, 1998 - International Business Machines Corporation

The authenticated execution **unit** 408 2s may also prevent the counterfeiting and/or forgery of the **watchdog** 400 by a **device** attempting to masquerade as the ...

Method of synchronizing an electronic device for monitoring the operation of ...

US Pat. 6385743 - Filed Jan 8, 1999 - Infineon Technologies AG

The invention also relates to an **electronic device** for monitoring the operation of a microprocessor (**watchdog**), having a trigger signal input which toggles, ...

Method and handling apparatus for a vehicular electrical system

US Pat. 6579895 - Filed Apr 22, 2003

9 10 24 volt) 15 to various electrical/**electronic** aspects of the which ... The insertion of this "**watchdog** hit" When the vehicle's overall power level has ...

Synchronized network of electronic devices including back-up master units

US Pat. 5751220 - Filed Jul 14, 1995 - Sensormatic Electronics Corporation

The plurality of devices include a master **unit** and a plurality of other units, and the master **unit** transmits a synchronizing signal to at least one of the ...

Supervisory integrated circuit for anti-lock brake system units

US Pat. 5945743 - Filed Apr 2, 1997 - AlliedSignal Truck Brake Systems Co.

... said reset **device** also causing said 30 an **electronic control unit** (ECU) ...

electronic device with watchdog unit
